## Premier provides accredited project management training for respected multinational Insurance company

*Premier's accredited PRINCE2 training increases stability and success rate of all client projects*

### Customer overview

Formed in 1882, the Chubb Group of Insurance Companies has established themselves as one of the top publicly traded insurance companies in the world. Chubb employs over 11,800 staff within 120 offices, located in 29 countries across the globe. Eight of these offices are located within the UK and Ireland.

### Business need

The client recognised a requirement to improve processes through the adoption of best practice, helping staff develop their professional skills and improve performance. Chubb acknowledged the best way to achieve this and to subsequently enhance the stability and potential for success of any project was to implement an effective project management training roll out.

### Solution

Premier IT has vast experience in the delivery of project management courses and were therefore the ideal provider for Chubb's training requirement.

PRINCE2 was identified as the most effective project management training solution to provide delegates with the essential skills required by Chubb. As an accredited PRINCE2 project management training organisation, Premier provided the five day PRINCE2 foundation and practitioner course.

One of Premier's expert PRINCE2 trainers was sent to the clients London based offices to deliver the five day course, minimising any unnecessary downtime and maximising training efficiency.

### Results

Premier's PRINCE2 project management training solution was entirely successful, providing all delegates with the required project management expertise to logically organise all future projects to maximise success rates and stability.

The success of the training provided strengthened Premier's existing credentials within the field of PRINCE2 training delivery. The Chubb Group of Insurance Companies were so impressed with the results of the training solution that the client commissioned Premier to provide project management training to their French office.
