PReP

PReP is a revalidation management system for all doctors and Designated Bodies. It has been specifically developed to support and manage medical appraisal, simplifying the process of revalidation for your key stakeholders.

The Product

PReP will facilitate the improvement and delivery of high-quality patient care by enabling you to demonstrate on a regular basis that ALL licensed doctors are fully trained, highly skilled, up-to-date and fit to practice.

PReP supports doctors and appraisers completing the appraisal process as well as the administrators and Responsible Officers (RO) managing them. Each role has a custom dashboard based on appraisal progress, with user friendly screens and intuitive workflows throughout.

Accessible anytime and anywhere, PReP is a web-based, cost effective IT solution.

Key Features

**APPRAISAL AND REVALIDATION MANAGEMENT**

- Upload supporting information to private portfolio. Maintain PDPs. Use progress bar to complete appraisals and reflection.

**DYNAMIC APPRAISER FUNCTIONALITY**

- Manage meetings and progress. Review evidence and input forms. Conduct appraisals and create output forms.

**RESPONSIBLE OFFICER DASHBOARD**

- Snapshot views and dynamic reporting. Drill down to individual appraisals/evidence for revalidation recommendations.

**ORGANISATION WIDE MANAGEMENT**

- Manage users, communications, uploads, the appraisal process, revalidation recommendations and education progress.

**BEYOND STANDARD FUNCTIONALITY**

- Inbuilt MSF, job planning module, clinical/educational supervisor module, and LMS with e-Learning modules.

**MOBILE APP**

- Available across all devices. Securely upload/reflect on CPD/evidence and upload to a portfolio anytime, anywhere.

Functionality and feature rich, it can include Premier IT’s job planning module and either Premier IT’s multi-source feedback tool or single sign on, seamless integration with the Edgecumbe Doctor 360° patient and colleague feedback tool. GPReP is our primary care focused version of the PReP system, configured for organisations and individuals within the primary care landscape.

PReP is the safe, secure and reliable appraisal and revalidation solution that comes with a future proof guarantee to always be aligned with GMC and RST guidelines, Good Medical Practice and the MAG form. We are fully committed to GMC Connect and the MIPS project to ensure the passage of information between PReP and third party systems.
We have been using PReP for four years now and it has allowed us to manage medical appraisals and revalidation with a high level of accuracy. I have confidence in knowing that PReP continually helps us as an organisation to make changes to the way we use the system in order to meet the NHS requirements for revalidation. We have tapered the system to make it unique for our doctors.

Revalidation Support Manager, North Bristol NHS Trust

“Protect your workforce. Make it work.”

Right skills. Right place. Right time. Right outcome.
