The Appraisal & Revalidation Solution

With a specific focus on nurses, midwives, and administrators, HeART is the efficient and well-designed appraisal solution brought to you by Premier IT.

HeART is intuitive, feature-rich, and easy to use across many diverse job roles. We designed this system to be highly configurable, resulting in an appraisal and revalidation approach that meets individual and group needs.

Thinking about efficiency, processes and workflows are standardised within HeART, ensuring quality, robustness, and consistency across user groups. Real-time dashboards and reporting make it simple to keep on track of users' progress, conduct appraisals, and report on essential outcomes.

A mobile app is also available, ensuring anytime, anywhere access to securely upload and reflect on CPD and supporting evidence, seamlessly integrated with the user's HeART portfolio.

With the improvement of high-quality patient care as the focus, HeART ensures that teams are best placed to demonstrate and evidence that ALL healthcare professionals are fully trained, highly skilled, completely up-to-date, and fit to practice.

Features and Benefits

Key Features

PORTFOLIO OF EVIDENCE

Collate and reflect on CPD and supporting evidence. Access and complete PDPs. Development of a private portfolio to showcase at appraisals

REVALIDATION READY FUNCTIONALITY

Easy to build portfolio. Third-party confirmation and PDD. Revalidation checklist.
